## Description of provider listings

- 1. Board certification** shows a physician's expert knowledge in a medical specialty. Certification involves a process of testing and evaluation by specialists in the specific area of medicine. A board-certified specialist participates in continuing education to learn about the latest advances in medical science and technology in his/her specialty. You can check the provider's board certifications on the American Board of Medical Specialists (ABMS) website. Go to [www.abms.org](http://www.abms.org) and click on "Is Your Doctor Certified?"
- 2. Limitations** of the practice, such as age restrictions or the inability to accept new patients.
- 3. Wheelchair** picture tells you the provider is wheelchair-accessible.

This chart will help you understand each hospital's listing	
Listing:	Example:

**Accreditation** shows that the hospital has been evaluated by experts in hospital care. An accredited hospital must participate in ongoing reviews to make sure that its operations are up to the latest standards. Please see below for the possible rankings.

The Joint Commission is one entity that accredits hospitals. The following ratings are possible:

- **Accredited:** The hospital was in compliance with all standards when surveyed or within 90 days of the survey.
- **Preliminary Accreditation:** The hospital passed a brief review of its compliance with the Joint Commission's standards and will be surveyed more fully shortly.
- **Conditional Accreditation:** The hospital complies with some, but not all, of the Joint Commission's standards, but will be surveyed more fully shortly.
- **Provisional Accreditation:** The hospital was not able to address all of the requirements for improvement that the first survey suggested within 45 days, or the hospital failed to show that it has been able to sustain compliance.

Accreditation can also be granted by the American Osteopathic Association (AOA), in which case the listing will read, "Accreditation: AOA (Accredited)."

All of the information in these provider listings is based upon the provider's application. UnitedHealthcare Community Plan checks this information when these providers join our network and every three years (or sooner) when the provider is re-credentialed.
