Lather up

The whole family should wear sunscreen any time you go outside this summer. Use a sunscreen that is broad spectrum, water resistant and has a sun protection factor (SPF) of 30 or higher.

Keep your coverage

What you need to do to renew

Every year, Medicaid members must renew eligibility to keep their coverage. It is important to renew on time, or your benefits may end. There are a few ways to renew. They could include:

- In person
- Online
- By mail
- By phone

Don't miss out. Learn more about Medicaid renewal in Maryland at uhc.care/e9udve.

Healthy mind, healthy body

You are not alone

According to the National Alliance on Mental Illness, millions of people in the United States are affected by mental illness. In fact, 1 in 5 adults and 1 in 6 adolescents have a mental health concern. One of the most common mental health conditions is having an anxiety disorder.

Anxiety disorders are different from normal feelings of being nervous or anxious. They are feelings of fear or anxiety that do not go away. They can also get worse over time.

If you have a mental health concern, help is available. Some good first steps to take are:

- Call the Behavioral Health Hotline at **1-800-435-7486**, TTY 711
- Make an appointment to talk with a health care provider
- Learn more about mental health at [cdc.gov/mentalhealth](https://www.cdc.gov/mentalhealth)

Summer bucket list

5 healthy and fun activities to check off your bucket list this summer

Are you looking for fun ideas to get moving this summer? Here are 5 simple activities to try.

1. Take a walk, and track your steps. Walks are a great way to get low-impact exercise. Use a step-tracking app on your phone to watch your progress.

2. Check out a farmers market. Go with your family to learn about the food you eat. Farmers markets are a great place to get quality and nutritious produce.

3. Have a barbecue or picnic. Summer is the time for eating outdoors with family and friends. Try our recipe for a bright and healthy side dish: [healthtalksiderecipe.myuhc.com](https://www.healthtalksiderecipe.myuhc.com).

4. Plant a garden. Gardening is a fun and educational activity for the whole family. Take notes on what works well. Then watch your garden grow.

5. Take in a game. Sporting events are more than just fun to watch. They can also get your children excited about physical activity.

Beat the rush

Wellness visits are important for children as they head back to school

Children should have wellness visits throughout childhood and adolescence. These checkups are especially important for going back to school. A wellness visit may include:

- A physical exam
- Vaccines
- Vision and hearing tests
- Discussion of physical activity and diet
- Developmental screenings for speech, nutrition, growth and overall social and emotional milestones
- Questions about your child's health and health history
- Lab tests, such as urine and blood tests

During the checkup, ask your child's provider if your child is up to date with their vaccines. Vaccines protect your child and others from getting sick. You can view the childhood vaccine schedule at cdc.gov/vaccines. If your child missed any of their vaccines this year, it's not too late to get them.

Get checked. Call your child's provider to make an appointment today. To find a new provider, visit myuhc.com/communityplan. Or call Member Services toll-free at the phone number listed in the resource corner at left.
